Puppy Group Class.

Our group classes are held at a various location and include up to 8 other puppies. You will be taught in a train the trainer approach. Your dog will learn sit, down, stay and come when called. Group classes are a great way to socialize your puppies with other dogs and train with distractions. As in all situations, your safety and that of your companion is our top priority. Any puppy that displays excessive dog aggression in the group setting will be asked to continue their training on a private one on one style class. These classes are held once a week. 2 puppies minimum and 6 maximum. This class is available for puppies 16 weeks (with proof of first round of immunizations) to 7 months old. ***Please bring proof of immunizations on the first day of class.***

Puppy Private Lessons:

These classes are taught in a one-on-one setting with one of our qualified trainers either at your home or at our facility. The class offers you the undivided attention of the instructor to ensure your companion is taking to the training and enables immediate problem solving. The training is conducted one day a week in your home or at a designated location. This program is designed to be hands on with the owner. We will teach you techniques to help you achieve your desired result. In these sessions your dog will learn sit, down, stay and come when called. These tasks will be performed on leash.

Puppy Board and Train: *(Our puppy program is a popular choice!)*

In our Puppy Program we teach your puppy fundamental skills such as crate training, riding quietly in a vehicle, leash & door manners, house manners, no jumping, basic obedience foundation and how to appropriately play with other dogs. In this program we also do environmental work, confidence building and puppy socialization. ***During training, we ask that you refrain from visiting your puppy. When owners visit it has the potential to prolong training.***
