

Tier 3: Advanced Training

Please select your desired training package

- Advanced Group Class
- Advanced Private Lessons
- Advanced Board and Train

Advanced Group Class:

This class is designed for graduates of our basic group class. We will teach advanced skills and constraint on Focus and drive building. We will introduce the Obedience course and teach your dog to navigate the A-Frame, Hurdles, Window hurdle, and Open Hurdle. These tasks will be started on a long line for safety and progress to off leash training.

Advanced Private Lessons:

This package is for those that have completed either a basic group class or basic private lessons. We will teach you and your dog on and off leash tasks.

E-collar private lessons:

This package will concentrate on off leash work. We will use an Electric Collar in these sessions. Your dog will learn Sit, Down, Stay, Recall, Place all from extended distance. We can address behavior issues as well. Whether you have your own collar, or you receive one from us, we will show you how to effectively use it. This package will include an E-Collar Technology Mini educator.

Advanced Board and Train:

We will also work on advanced skills which include off leash tasks. We will also introduce a place command to your dog and work on environmental and public behavior. ***During the training, we ask that you refrain from visiting your dog. When owners visit it has the potential to prolong training. Weekly updates will be sent on your dog's progress.***

Owner agrees that all pictures and or videos taking by QK9C staff during training are the sole property of QK9C and may be used for future advertising.
